## FBS Marshal™

### DESCRIPTION

**FBS Marshal™** is a compatibility agent for direct addition to liquid fertilizers. FBS Marshal has been designed for formulators to easily use in problematic blends. It improves compatibility and stability of most fertilizer tank mixes.

### DIRECTIONS FOR USE

Standard rate is 2% of the total tank mix. However, ranges may vary from 0.5%-10% rates of the total tank mix. A jar test is recommended to determine the specific rate determination.

### WARRANTY AND CONDITIONS OF SALE

Manufacturer warrants that this material conforms to the chemical description hereon and is reasonably fit for use as directed. No other warranty is made, either expressed or implied. BEFORE OPENING, see other conditions and limitations that apply which are available at: <http://www.FBSciences.com/ProductConditionsOfSale/>.

Information regarding the contents and levels of metals in this product is available on the Internet at: <http://www.aapfco.org/metals.html>
