DIRECTIONS FOR USE

For best results, use watered-in applications. May be applied via irrigation system or prior to irrigation. Apply enough water to move the product into the area of active rooting, but not excessive amounts that may leach. Use the higher label rates with surface and flood irrigation. Tank mixing with calcium products is not recommended. When mixing with other materials such as fertilizers and micronutrient products, always establish compatibility using the standard quart jar method prior to tank mixing. When blending with other fertilizers additional water and agitation may be required. Thoroughly clean the irrigation system and lines after injection.

INSTRUCCIONES DE USO

Para mejores resultados, usar aplicaciones diluidas. Se puede aplicar a través del sistema de riego o antes del riego. Aplicar suficiente agua para mover el producto al área de enraizamiento activo, pero no en cantidades excesivas que puedan filtrarse. Usar las tasas de etiqueta más altas con riego superficial y por inundación. No se recomienda mezclar en el tanque con productos de calcio. Cuando se mezcle con otros materiales, como fertilizantes y productos con micronutrientes, siempre establecer la compatibilidad usando el método estándar de jarra de un cuarto de galón antes de mezclar en el tanque. Cuando se mezcle con otros fertilizantes, es posible que se requiera agua adicional y agitación. Limpiar a fondo el sistema de riego y las líneas después de la inyección.

RATES & TIMING FOR ALL CROPS

For all crops, apply **5-25gal/ac.** Repeat as needed through the growing season.

DOSIS Y MOMENTO OPORTUNO PARA TODOS LOS CULTIVOS

Para todos los cultivos, aplicar de **5-25 gal/ac.** Repetir según sea necesario durante la temporada de crecimiento.

WARNING

READ ENTIRE LABEL BEFORE USE | KEEP OUT OF REACH OF CHILDREN

HAZARD STATEMENTS Causes serious eye irritation. **AVISO PELIGRO** Provoca irritación ocular grave.

PRECAUTIONARY STATEMENTS Wash hands thoroughly after handling. Wear eye protection/face protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do.

Continue rinsing. If eye irritation persists: Get medical advice/attention.
