FBS Humate Plus™ Apply 1-2 quarts whenever a humic acid product is desired

*Always add **FBS Harmony™** at 1 quart for every 2 quarts of **Phosron Foliar** to improve compatibility and uptake.

Contact your **FBS rep for compatibility and mixing instructions.

This program can be adapted to individual field or farm conditions based upon soil and tissue tests. Rates can vary and additional **FBS** products can be substituted to address specific nutrient deficiencies or stress situations.

Other nutrients as required.
See back page for more details.
